

Kapunda Business Alliance

'Enhancing local business opportunities for members, bringing more people to Kapunda and leveraging Kapunda's potential for a prosperous town and stronger community'

MEMO TO OUR BUSINESS MEMBERS AND FRIENDS OF THE KBA.

Firstly, our newsletter. We will be despatching our next newsletter at the end of June 2017. Here is a free opportunity for our members to advertise perhaps special deals, or new products or services both new and old, or anything of interest to the readership of the newsletter and to many thousands of others through our website and several Facebook pages. Around 100 words would be appreciated.

Please email to admin@cometokapunda.com.au before 15th June, thanks.

Now is the time to update us at the KBA about what you would like to see happen in Kapunda.

What shops or businesses are missing?

What new services would you like to see introduced?

What extra shopping items would you like to have available locally?

What entertainment would you like added to what is already available?

Have you any other suggestions to make Kapunda a better place to live and to do business.

Be assured, the KBA committee will take your suggestions seriously and do everything in its power to implement achievable outcomes. We can also draw attention to appropriate authorities where several respondents raise a similar issue. With over 80 members, KBA is a formidable lobby group.

The KBA promotes Totally-Locally, and for those who do not know about this shop local organisation, Totally-Locally has transformed many towns from mediocre to prosperity. It can happen right here in Kapunda. It is up to all of us to support local business whenever possible, then everyone wins.

Thank you in anticipation of your responses.

Kind regards,

Bill Adams, Secretary/Treasurer, Kapunda Business Alliance Inc. 30/5/17.
